

The All-In-One Cloud Software to Run Your Entire Amusement Park

Finally. The only true all-in-one POS software to run your entire amusement park. Easily manage and grow your business in the cloud.

**SIMPLE.
ALL-IN-ONE.
AFFORDABLE.**

Amusement management software—reinvented.

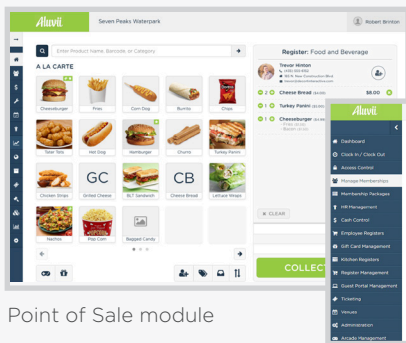

We know that running an amusement business can be hard work. There are a million things to pay attention to. Fortunately for you, things just got easier. Aluvii has changed the game by packaging all your expensive software systems together into one cloud-based, easy-to-use platform, and for a fraction of the cost. It's truly revolutionary!

Finally. One software to manage your entire business.

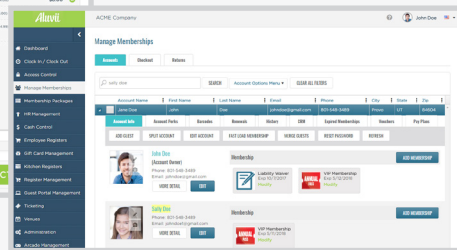

Everybody talks about all-in-one software, but Aluvii has actually delivered as the only true all-in-one POS software solution that gives you nearly every tool you need to run your business. From ticketing and admissions to point of sale and e-commerce, Aluvii's got you covered. And the integration between modules will make your life easier and operations run smooth.

The cloud-based POS system for amusement success.

The Aluvii system is built on a state-of-the-art, cloud-based platform hosted in a highly secure Microsoft datacenter. Not only is it easier than managing your own system in your back office, but its faster, safer and far more secure. And best of all, cloud based means the Aluvii system is accessible anytime, anywhere and on any device. Plus you'll save money because there's no expensive hardware to pay for or set up or licensing fees or IT staff needed. And don't worry; Aluvii works offline too, providing the best in both cloud and local services.

Point of Sale module

Memberships module

“Bringing these modules together into one application was brilliant. We no longer need multiple software systems or costly hardware and IT staff.”
— ANDY NIELSON, MANAGER
